

ALBERS ELEMENTARY SCHOOL

2022-2023 STUDENT & PARENT HANDBOOK

REVISED 6/2022

SCHOOL VISION

To provide an environment where academic and social success is measured one student at a time.

MISSION

The mission of Albers Elementary School and its educational program is to guide and direct the learning and growth and development of the students. They will receive guidance toward self-esteem, acceptable attitudes and ideals, an understanding of the world about them, the basic skills which will enable them to earn a livelihood, and a respect for the rights and property of others. All students, regardless of ability, background, culture, or economic level, will be allowed to develop to the limits of their capabilities. The school must ascertain the student's needs, interests, and capabilities and provide for these to the greatest degree possible.

Our mission is to reach all students as we encourage attainment of academic excellence, along with developing their emotional, social, and physical well being within a safe environment. Albers Elementary School enrolls students in grades pre-K-8.

DISCLAIMER

This **Parent/Student Handbook** is intended to be a source of information concerning Albers Elementary School, District 63, Clinton County, Illinois. It should give parents and students a better understanding of the school and the activities of the students. Hopefully, it will answer questions that may arise during the school year. To accomplish our school mission, cooperation between home and school is necessary. This handbook should help foster that cooperation. The handbook is an ever changing model, and is subject to change. (If any modifications are made, they will be sent home with the student.)

ABSENTEES

Students missing 10% of the last 185 school days without a valid excuse will be considered eligible for truancy interventions made available through the Regional Office of Education. If your child is not going to be in school, please call the school office by 9:15am, 248-5146, ext. 12. *You may call in anytime and leave a message on voicemail.* If you do not *call and report your child absent*, State law mandates that we call you. If you contact us or we reach you by phone, a written reason for the child's absence is not necessary. If we have not communicated by phone, you must send a signed, written explanation of the reason for the child's absence when the child returns to school. The above procedure also applies if your child goes home for lunch and does not return to school after lunch. Additionally, frequent tardiness upon returning from lunch may result in revocation of open campus lunch policy. Any child who is unable to attend classes because of the observance of religious reasons shall be excused with a note stating the reasons why. If you plan to pick up your child during the day for doctor or dentist appointments or some other reason, send a note with your child in the morning. You will have to sign for your child at the school office. If they return to school after the appointment, they should report to the office for a pink slip before returning to the classroom.

It is imperative that students arrive on time each day. Excessive tardies, whether excused or unexcused, impede a student's ability to learn at their fullest potential. When a student reaches 5 unexcused tardies, the superintendent will request a meeting with the student's parents. Students will have one day for each day absent to make up missing work.

PRE-ARRANGED ABSENCES

If you know your child will be absent from school, please let the office staff and the teachers know of this in advance. There is a pre-arranged absence form available on the digital locker in TeacherEase.

ATTENDANCE/SCHOOL TERM

Illinois State Law requires parents/legal guardians to have school age children in school in regular attendance. A school calendar is required which includes a minimum of 185 days including teachers' meetings and days allowed for severe weather or emergencies. A legal school day that may be counted toward state aid must be a minimum of five clock hours.

The student's progress in school requires regular attendance as each day's activities are planned on the previous day's discoveries and experiences. If his/her health or his/her classmates' health would be endangered, the student should be at home and possibly under a doctor's care. If a communicable disease has caused absences, then a doctor's written statement should accompany the student's return to school.

The decision of the building administrator shall be final.

INTERNET & NETWORK ACCESS AND THE USE OF DISTRICT COMPUTERS

ACHIEVEMENT TESTING

The Illinois Assessment of Readiness (IAR) is given to students in grades 3-8 during the Spring of the school year. These test results are made public and parents receive the results, generally in the Fall as the following school year begins. The Illinois Science Assessment (ISA) is given to 5th and 8th grade students in the Spring as well and results are released just as the IAR tests results.

ALBERS SCHOOL BOOSTER CLUB

Parents are encouraged to join the Albers School Booster Club. The Booster Club conducts fundraisers each year. They also sell candy and soda at home basketball and volleyball games. Profits from these fundraisers are used to help purchase various materials and equipment for academic areas to benefit all of our students. In the past they have purchased such items as books, computers, software, laminating paper, air conditioners, and have assisted with the costs associated with field trips. The Booster Club also provides treats for the students for various holidays, organizes and finances the Field Day held at the end of the year, and organizes room parents/guardians to assist teachers at the Holiday Party and Field Day. Booster Club meeting dates are sent out to parents via email through the TeacherEase system. The Booster Club also has a Facebook page to follow - *Albers Elementary Booster Club*

ALLERGIES

Food allergies are presenting increasing challenges for schools. Protecting a student from exposure to offending allergens is the most important way to prevent life-threatening anaphylaxis. Most anaphylactic reactions occur when a child is accidentally exposed to a substance to which he/she is allergic, such as foods, medicines, insects, and latex. Awareness is the key to preventing a reaction.

For school staff purposes, an Individual Health Care Plan and the Emergency Action Plan should be created. An Individual Health Care Plan puts in writing what the school can do to accommodate the individual needs of a child with a life-threatening allergy. Prior to entry into school (or immediately after the diagnosis of a life-threatening allergic condition), the parent/guardian should meet with the building administrator to develop an individualized health care plan. This plan details the preventative steps the school will take to help protect a student with life threatening allergies.

ANNUAL ASBESTOS MANAGEMENT PLAN AVAILABILITY

As you may be aware, the U.S. Environmental Protection Agency (U.S. EPA) has regulations regarding asbestos – containing material in school. These regulations require that all schools conduct surveys to identify the presence of asbestos in their building and to implement appropriate response actions as necessary.

Also, under these regulations, we are to inform all parents, guardians, faculty and staff of the presence of

asbestos-containing building materials (ACBM) at our Facility annually.

An inspection was performed at all schools located within Albers District #63. Furthermore, a site-specific asbestos management plan was developed, reviewed by a building administrator and the Designated Person, and has been implemented. This plan described in detail how any asbestos exposure would be minimized.

All parents, guardians, faculty and staff or others are invited to review this plan, which is available at the School Administrative Office. Should you have any questions or desire further information, please contact the Superintendents' office.

ATHLETIC ACTIVITIES

Albers School participates in an athletic conference with area schools that provides basketball for boys, basketball for girls, volleyball for girls, cheerleading, and track, cross country, golf and bowling for boys and girls. See Athletic Handbook for details.

- Signs, flags, and noise makers are discouraged. If any items brought to the event become a disruption, they will be confiscated.

For a second offense, a student will be banned from two games. For a third offense, a student will be banned from the games for the remainder of the season. The administrator will call the parents/guardians to notify them of the warning before the first suspension.

BAND/VOCAL MUSIC

Albers School employs a band/music teacher(s). Kindergarten through Grade 4 will have 30 minutes music class, three times per week.

Students in grades 4-8 may participate in Band. Band classes are generally part of the regular school day. Students must purchase their own instrument and practice book. Students in grades 5-8 may participate in Vocal music, if available. Classes are generally part of the regular school day. Band students and music students are required to attend any scheduled concerts or performances. Failure to attend will result in a grade of Unsatisfactory for music and/or band that quarter. In case of sickness or other family emergency, parents should contact the school to request an excused absence from the performance.

BOOK / REGISTRATION FEES

A book fee is set annually and should be paid by the end of the first quarter. This fee covers a small portion of the cost of textbooks, workbooks, and supplies. Information concerning payment of this fee is sent home during summer registration. If a textbook or workbook or library book is lost, the student will be issued another one and will be required to pay for it. A student currently receiving aid under Article IV of the Illinois Public Aid Code or currently eligible for Free Meals is eligible for a waiver of the book fee. Free or Reduced Price Meal applications and book fee waivers may be obtained from the office. The Fee for the 2022-2023 school year is \$100.00 per student.

All book and registration fees must be paid before October 1st, unless other arrangements have been with the school office.

All fees must be paid before students are eligible to participate in extra-curricular activities, field trips, graduation ceremony etc. If families have a difficult time paying fees, please contact the school office to make arrangements for payments.

BULLYING

The district's bullying policy, (**7:180**), gives an overview of the procedures in place for the prevention of bullying, but as an addition to our regular policy, a definition for bullying should be noted. The definition of bullying is as follows: "Using any form or type of aggressive behavior that does physical or psychological harm to someone else and/or urging other students to engage in such conduct. Prohibited aggressive behavior includes, without limitation, the use of violence, force, noise, coercion, threats, intimidation, fear, bullying or other comparable conduct." Depending on the severity and nature of the bullying, the punishment can be detention, suspension, or expulsion. We have created a guide for each person *on campus* and for each parent or adult in a student's *life off campus* to respond to bullying behaviors. It was unanimous in our opinion that "Everyone is responsible for stopping bullying and therefore, everyone must play a part in the process". **This policy can be found on the school website.**

As stated within various district policies, bullying is handled on several levels. Among these: Policy (7:20) deals specifically with prohibiting the harassment of students, policy (7:190) deals with the discipline of students engaging in bullying, policy (7:310) deals specifically with the written exchange and/or electronic material, A.K.A. Cyber-Bullying, (6:60) character instruction, and (7:240) deals with participants in extracurricular activities.

The following actions are the recommended steps for teachers/staff, students, and parents to follow when encountering bullying behaviors:

Parents

1. *Please treat the report of bullying as fact and listen to the child. Write as many facts down as you can. Any information such as the name of the bully, where the incident happened, or any witnesses, etc. helps us as we investigate.*
2. *Call the school and report the incident to the student's teacher.*
3. *If the teacher is unavailable, speak to the Principal/Superintendent but follow-up with the teacher.*
4. *Tell the child you are proud that they trusted you enough to tell you.*
5. *OPTIONAL- (If the student is reporting about something they witnessed: Explain to them we must always report these incidents because someday we might need someone else to help us if we are ever in a similar situation.*
6. *OPTIONAL-You may follow-up to see how things are? If the situation has been resolved or improved and if there are any facts we can share?*

CAFETERIA HELPERS

Students in grades 8 can volunteer to help serve lunch and assist in the clean up after lunch. They are expected to obey the cafeteria personnel, and be courteous and helpful. Students must have their parent's permission to help in the cafeteria. Permission forms are sent home during summer registration. We will ask 7th grade students to have permission slips on file for when the 8th grade is out of the building.

DISCIPLINE

Discipline is a means of fostering the growth of students toward maturity and responsibility. The educational environment of the district shall be such that the administration and teachers shall demonstrate fair, just and flexible attitudes and disciplinary efforts toward all students.

FIELD TRIP EXPECTATIONS FOR STUDENTS AND PARENTS

Only parents, step-parents, and legal guardians are allowed to chaperone school field trips for grades 1-8. We appreciate your help and are grateful that parents volunteer to assist on the field trips. The children's safety is our number one priority when we are on a field trip. Because it is sometimes important and age appropriate to have more chaperones with the Preschool and Kindergarten students, if a parent; step-parent; or legal guardian of a student in Preschool or Kindergarten cannot attend their field trip, prior arrangements may be made with the teacher for the grandparents to attend. The following rules help ensure that everyone will have an enjoyable, safe learning experience.

All children will be expected to ride the bus to and from the event and abide by normal bus rules.

Bus rules:

- Passengers must remain seated at all times while the bus is in motion.
- Passengers must sit & face forward at all times on the bus.
- Passenger's volume must be kept low at all times on the bus & in buildings.

All parents are welcome on field trips. Parents should indicate that they are willing to chaperone when they complete the student's permission slip. However, parents may be asked to drive separately, if there is not enough room on the bus. If necessary, a drawing will be held for parent chaperones.

All chaperones will be expected to abide by the following rules:

HEALTH and DENTAL EXAMS/IMMUNIZATIONS/ATHLETIC PHYSICALS

State law requires that a child receive a health examination upon entering Pre-K, Kindergarten, and Sixth Grade. A physician must sign the record of the health examination. An immunization record, including the date, month and year of each immunization, must be part of the health record. A vision exam is required for students entering Kindergarten. A dental exam is required for students entering Kindergarten, Second, and Sixth Grade. These three items should be completed by the time school begins. If they are not completed by October 15th, admission to school will be denied until they are completed. Transfer students from out of state in any grade must also receive a health examination. Students planning to participate in athletics must receive a physical examination. A form for the athletic physical is available in the office. Sixth graders participating in sports do not need the athletic physical in addition to the health examination they receive prior to entering Grade Six.

IMMUNIZATION REQUIREMENTS: State law requires the following immunizations for school attendance:

- **Tdap Vaccine (combined diphtheria, pertussis, tetanus)** – Students entering the 6th-8th grade will be required to show proof of receipt of one dose of Tdap vaccine. Most students may have already received the vaccine and simply need to provide the school with verifying documentation from the family health care provider.
- **Polio** — A minimum of three doses are needed. Upon entering kindergarten, the last dose must be given on or after the 4th birthday.
- **Measles, mumps, and rubella** - These may be given singly or in combination as MMR. Two doses of live measles or the combination MMR vaccine are needed for kindergarten or older. If given singly with the live measles vaccine, one dose of mumps and rubella are also needed. Measles, mumps and rubella vaccines must be given at 12 months of age or older. Beginning with the school year 2014-15, children entering school at any grade level (K-12) shall show proof of having received two doses of live rubella virus vaccine and two doses of live mumps virus vaccine, the first dose for each on or after the first birthday and the second dose no less than 4 weeks (28 days) after the first dose, or other acceptable proof of immunity. (For preschool, one MMR is sufficient.)
- **Hepatitis B series** — Children entering 6th grade shall show proof of having received three shots or other proof of immunity described in Section 665.250(f).
- **Influenza type B (Hib)** - The appropriate number as required by the Illinois State Board of Education are needed for pre—kindergarten or early childhood students less than 5 years old. This varies according to the type of vaccine used.
- **Invasive Pneumococcal Disease-** Children 24-49 months of age (Pre-K), who have not received the primary series of pneumococcal conjugate vaccine, according to the recommended vaccination schedule, shall show proof of receiving one dose of pneumococcal vaccine.
- **Varicella (chickenpox vaccine)** -Children entering into any school-operated program for the first time at the 6th grade level or kindergarten level and below will be required to show proof of having received two doses of chickenpox vaccine on or after their first birthday. A physician can confirm past disease history-in

lieu of vaccination by having examined the infected child, documenting the parent's description of the child's history, or reviewing laboratory evidence.

- **TB tests and dental exams** are highly recommended. Drug-resistant strains of TB are on the increase, so please insist your child receive a TB test. Lead screening is required for children through age six.

IMMUNIZATION EXEMPTIONS: Parents have the right to object to physical exams or screenings because of Religious beliefs. In this case the parents / guardians will need a written disclaimer.

HEALTH & ILLNESS GUIDELINES

A child who is hungry has difficulty concentrating on his/her work. A good breakfast is essential for a child's health and success in school. Children need a good night's sleep in order to be alert for effective learning in school. Children should be dressed warm enough; including coats, hats and gloves so that they can go outside for recess when weather permits. We will go outside in the winter when it is cold. If your child wakes up with a fever, **DO NOT** send him/her to school. In order to reduce the risk of infecting others, students should not return to school after they have been sent home with a temperature over 100 degrees until they have been fever free for 24 hours without the use of fever reducing medications. When students are sent to the office for not feeling well, we take their temperature with a thermal scan thermometer. If the temperature is over 100 degrees, the parent is called to pick up their child. The Center of Disease Control and Prevention recommends anyone with a fever over 100 degrees remain at home at least 24 hours after they are free of fever. We will use the form below if the child is sent home for Diarrhea and Vomiting. We will send home a paper copy of the sick child's symptoms similar to the following, when the child is picked up.

SICK CHILD RECORD

In order to reduce the risk of infecting others, students should not return to school for 24 hours after they have been sent home with a temperature over 100.4 degrees, vomiting or diarrhea. When students are sent to the office for not feeling well, we take their temperature with a thermal scan thermometer. If the temperature is over 100.4 degrees, the parent or guardian is called to pick up their child. **The Center of Disease Control and Prevention recommends anyone with a fever over 100.4 degrees; diarrhea or vomiting remain at home until they are free of fever for 24 hours without fever reducing medication.**

CONCUSSIONS AND HEAD INJURIES

Concussion Policy & Procedure Committee whose purpose is to review existing concussion policy and procedures on a regular basis for effectiveness. In conjunction with HSHS in Breese, all 5-8th grade student athletes who participate in contact sports must take the Baseline Impact Test before the season begins. The Baseline Impact Test is valid for two years with no incidents. A student who exhibits signs, symptoms or behaviors consistent with a concussion will be removed from participation or competition at that time. A student athlete who has a possible concussion or head injury may not participate in athletics unless cleared to do so by a physician licensed to practice medicine or a certified athletic trainer. If not cleared, a student athlete may not return to play or practice until the student athlete has provided his or her school with written clearance from a physician or a certified athletic trainer working in conjunction with a physician licensed to practice medicine.

HOMEWORK

If a student makes good use of the study time provided at school, some assignments can be completed. However, some work at home may be necessary to complete all the assignments and to study for tests. Homework is considered an important part of the instructional program and the student's grades. It is the student's responsibility to complete their homework. However, when students do not complete their homework, it is important that the parents oversee homework activities in order for the child to be successful academically. If the student is unable to complete homework because of illness or some other special circumstances, parents should call the school or write a note to the teacher

LICE

Faculty/staff will report all incidents of head lice to the school office. Students who appear to have head lice will report to the school office. Parents will be contacted and appropriate arrangements will be made to pick up the student from school. Students that have been sent home due to head lice will report to the school office upon returning to school, prior to entering their classroom. All students must be nit free before returning to school. Faculty/staff will take measures in the classroom that may include such procedures as separating hats, coats, and book bags; or placing such items in plastic. **Students must present evidence that treatment to remove head lice has been performed (e.g., written notice from physician or health department, container that was used to supply treatment or similar evidence)**. Additional measures may be required if an individual incident of head lice becomes a persistent situation.

LOCKERS

Lockers are the responsibility of the student. Students should only use the locker assigned by the school. All personal possessions such as purses, coats, book bags, shoes, cell phones, and so on must be kept in the locker during the school day. Lockers are the property of Albers School District #63 and may be opened and inspected at any time by the school administration. Lockers, or other school property, may be subject to inspection by local law enforcement officers or canine units upon the request of the administration or Board of Education. Protect your property at all times. The school is not responsible for lost, stolen, or damaged items.

MEDICATIONS

Students should not take medication during school hours or during school-related activities unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child and otherwise follow the District's procedures for dispensing medication and complete and sign the "School Medication Authorization Form."

For safety reasons, students shall not possess prescribed or over-the-counter medications of any kind (including but not limited to: aspirin or aspirin substitutes such as Tylenol, cough medicine, cough drops, etc.) in any school building during the school day. calendar sent home during summer registration. Conferences may be scheduled on a school evening, day, or any time throughout the week. Teachers are encouraged to schedule individual conferences with parents or communicate by letter or telephone other times during the year when a student is having problems. Parents are encouraged to arrange a conference any time they wish to discuss their child's progress. Parent-teacher conferences should be arranged by appointment with a 24-hour notice. PESTICIDE APPLICATIONS

State Law requires that the school district notify everyone when any pesticides are being applied at the school.

PUPIL INSURANCE

Insurance covering pupil accidents or injuries is available. Information is available in the school office. The school's insurance does not cover pupil accidents or injuries.

RESPONSE-TO-INTERVENTION

Federal and state regulations require that school districts use a process that determines how a child responds to scientific, research-based interventions as part of the procedure for determining whether a child suspected of having a learning disability is eligible for special education services. This process is commonly referred to as "Response-to-Intervention" or "RTI". The RTI process involves providing regular education students who are struggling in a particular academic area (such as reading or math) more intensive academic interventions than provided in the general curriculum.

The RTI process is an entirely regular education process, conducted by regular education teachers in regular education settings. The purpose of RTI is to provide struggling students with a chance to succeed without identifying them as eligible for special education. Those students who fail to respond to the interventions attempted as part of the RTI process may then be referred for a special education evaluation.

Some interventions may be implemented for an entire classroom, for a group of students, or on an individual basis. When a student requires certain interventions, teachers may utilize other instructional time to provide those interventions, including replacing certain classroom activities with additional time spent on reading, mathematics, or other areas in which the student requires more intensive academic interventions. If you have questions about the RTI process, please contact Superintendent, Mike Toeben.

STUDENT RECORDS

Albers Elementary School follows the policies and procedures outlined in the Illinois School Student Records Act. The following types of student records are kept in the Principal's office at Albers School:

A. **Permanent** - all information kept permanently concerning students. The Permanent Record Card indicates the student's name, gender, address, birth date, social security number, attendance, grades, academic record, parents' names, address, and telephone number. The permanent record shall be maintained for at least sixty (60) years after the student has graduated, transferred or permanently withdrawn from District 63.

B. **Temporary** - all information not required to be in the permanent record such as test scores, special education records, teacher evaluation of student, disciplinary information, and health cards. The temporary record shall be maintained during the period of usefulness to the school and the student, but not longer than five years after the student has graduated, transferred or permanently withdrawn from District 63.

The parent/guardian of a child under eighteen (18) or a designee of such parent/guardian shall be entitled to inspect and copy the information in the student's school records at the student's request. The parent/guardian has the right to inspect and review the student's education records within 15 days of the District receiving a written request for access. Parents or eligible students should submit to the school superintendent a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The District shall notify the student's parents/guardian and the student when it plans to destroy a student's permanent or temporary record. When the student reaches eighteen (18) years of age, or graduates from high school, or marries or enters military service, all rights and privileges accorded to a parent/guardian under the Illinois School Student Records Act shall become exclusively those of the student.

SUBSTANCE USE/ABUSE

In order to ensure a safe and orderly environment for teaching and learning and to promote the health and well being of students, Albers Elementary School endorses a substance use/abuse policy that includes prevention, assistance and discipline. This policy extends to the regular school day and school-sponsored activities held before or after school or on weekends. It extends to the school building, the school grounds and school buses.

PREVENTION - Albers School will provide students with information and instruction about the prevention of drug and alcohol use/abuse. The health education curriculum will include instruction on current information concerning alcohol and drugs and their effects upon the body. Classroom instruction will also assist the students in making responsible decisions about the use of alcohol and drugs. Community agencies will be used to provide resources or presentations to assist the school in drug and alcohol prevention activities.

DISCIPLINE - Rules of Conduct - No student shall be under the influence of or possess, use, distribute, sell or attempt to distribute or sell any drugs or alcohol. Drugs or alcohol includes substances containing alcohol; substances which are intended to alter the physical and/or mental condition, and look-alike drugs.

DISCIPLINARY PROCEDURES - First offense will result in a three-day suspension, conference with the student and parents or guardian, and inform the police in the case of possession, distribution or selling. The second offense will result in a ten-day suspension, conference with the student and parents or guardians, and inform the police in the case of possession, distribution or selling. Any subsequent offenses will result in a recommendation for expulsion and the student will be suspended pending expulsion proceedings. ASSISTANCE - Albers School will provide services such as in-service training for faculty, presentations to groups or classes, and information on instructional materials.

TRANSPORTATION

Bus transportation will be provided for students: who live one and one-half (1 1/2) miles or more from school, students with specific disabilities that require transportation, students that are classified as "homeless" and those students that live along a hazardous route as deemed by the Illinois Department of Transportation.

1. The regulations noted above are set guidelines by the Illinois State Board of Education and noted in Illinois School Code 105 ILCS 5 and in the Albers School District Policy Manual (POLICY 4:110).
2. Bus stops (pick-up and drop-off points) are determined by the school district. The reason for this is to ensure student safety. Changes may be approved by the superintendent, but require a written request or note from a parent. Should changes be necessary and are approved, the following items must be noted in the request:
 - **Reason for the change,**
 - **Date(s) for these changes to occur,**
 - **Parent signature and**
 - **Superintendent signature as approved.**
3. If there are changes to the daily routine, a note signed by a parent or guardian must be sent to the school office, prior to the change. We understand that unforeseeable circumstances arise and changes must be made throughout the day. Please contact the office as soon as possible, preferable before 2:00 PM.
4. No school employee may transport students in a school or private vehicle unless authorized by the superintendent.
6. All vehicles must pass safety inspections in accordance with State law and IL Dept. of Transportation regulations.
7. Bus drivers must have a criminal background check.

BUS RULES:

1. Be on time at the designated bus stop - help keep the bus on schedule.
2. Stay off the road while waiting for the bus.
3. Board the bus in an orderly fashion. Do not push and shove. Do not move toward the bus until it has come to a complete stop
4. The driver is in complete charge and authority on the bus. He/She has the same supervisory authority as the Superintendent/Principal or any teacher in the classroom. The driver may assign seats at any time. The bus driver will notify the Superintendent/Principal of any misbehavior that occurs on the bus.
5. Be seated as soon as you board the bus. Remain in your seat until it is your turn to get off the bus. Do not change seats. When leaving the bus, remain in your seats until the bus comes to a complete stop. Leave the bus in an orderly fashion.
6. Keep arms and head inside the bus. Do not throw anything inside or outside the bus. Loud talking and laughing or unnecessary confusion diverts the driver's attention and could result in a serious accident. Do not carry on a conversation with the bus driver. Be absolutely quiet when approaching a railroad crossing.
7. No eating or drinking is allowed on the bus. Do not mark or damage any part of the bus. Never tamper with the bus or any of its equipment.
8. Keep books, packages, coats and all other objects out of the aisles.
9. Be courteous to fellow students and the bus driver. Older students should look after the safety and comfort of smaller children.
10. In the event of a road emergency, remain on the bus until instructions are given.
11. Only regularly assigned students may ride the bus. Do not ask the driver to stop at places other than the regular bus stops. He is not permitted to do this unless he has proper authorization from the school district.

-
12. Observe safety precautions when boarding and leaving the bus. If you must cross the road before you board the bus, wait until the bus stops, watch for a signal from the bus driver, and then proceed. If you must cross the road when leaving the bus, walk ten feet in front of the bus, look to the driver for a signal, and then cross.
 13. Observe these bus rules on all trips sponsored by the school such as field trips and sports activities. **105 ILCS 5 and Policy 4:110** provides specific guidelines and exceptions for the use of bus transportation and these guidelines are available upon request. Feel free to contact the Superintendent's office for more details. The buses begin their runs at approximately 7:10 a.m. The second route begins its run at approximately 8:05 a.m. All students riding the bus must ride to and from school; no getting on or off except at the student designated pickup/drop off point. The administration must approve all requests before changes are implemented. The Illinois Department of Transportation hazardous approved route consists of the following areas: South of State Route 161; East of Aviston-Albers Road. These areas have been approved although they are within 1.5 miles of the school. If transportation is not provided, you are subject to transportation reimbursement. Please contact the office for more information. No school employee may transport students in school or private vehicles unless authorized by the administration. If you have a child attending a daycare within the school district's boundaries, you may check with your daycare provider about transportation availability. Transportation with daycares will be handled between the daycare and the bus company by calling Zurliene Bus Service at (618) 248-5655.

Normal school office hours are 8:00 am - 4:00 pm. All visitors to school, including parents, must enter through the front entrance, sign in at the office, and pick up a visitor's badge. The administration may restrict visitations that may interfere with the instructional program.
